Culligan	No longer do bottled water home service in Las Vegas, went Green as of 4/2010						
Notes:							
Multi-Pure units are Certified by NSF to reduce a wide range of contaminants, while the bottled water is not.							
DS Waters uses certified laboratories to perform extensive tests on its water sources and bottled water products to ensure we meet or exceed all Federal and state bottled water regulations.							
* These companies only do 7/8 5 gallon bottles of water for home delivery each month; with Multi-Pure you would be getting more water without the 5 gallon plastic water bottles.
